

RESOLUTION OF THE  
WHITE MOUNTAIN APACHE TRIBE OF THE  
FORT APACHE INDIAN RESERVATION

WHEREAS, under the Maverick Logging Unit contract with Southwest Forest Industries, Inc., as purchaser, said contract being approved June 19, 1943 and modified March 24, 1958, the maximum scaling length of logs was established at 16 feet and the minimum scaling length of logs at 8 feet.

BE IT RESOLVED that the Chairman is hereby authorized to execute a modification of the Maverick Logging Unit contract to provide for the maximum and minimum log scaling lengths as above provided and to further modify the contract by adopting all of the provisions of the new National Forest Service Scaling Handbook, subject to modifications as may be approved by the Region Three Forester, U. S. Forest Service, and subject to the following further modifications, to-wit:

- (a) Logs delivered for scaling shall be scaled for their merchantable contents without regard to standards of merchantability based on percentage of sound contents, and
- (b) the over-length on logs for trimming will not exceed one inch for each four feet of log length. Logs which overrun this allowance will be scaled as two feet longer.

The foregoing resolution was on February 11, 1965 duly adopted by a vote of 10 for and 0 against by the Tribal Council of the White Mountain Apache Tribe, pursuant to authority vested in it by Article V, Section 1 (1) of the Amended Constitution and By-Laws of the Tribe, ratified by the Tribe June 27, 1958 and approved by the Secretary of the Interior on May 29, 1958, pursuant to Section 16 of the Act of June 18, 1934 (48 Stat. 984).
